

Infection Prevention **CASCOBAY**

Keep your Staff Safe from Viruses and Other Infections with Professional Office Cleaning From **CASCOBAY**

Viruses and infections are inevitable; as an employer, finding suitable strategies to avoid or minimize them will go a long way in enhancing the productivity of your company. **CASCOBAY** provides an effective infection prevention program for your business. We develop and individual cleaning plan for your business, using the latest technology, including our state-of-the-art electrostatic sprayers to ensure your work place is clean and safe. Once done we incorporate continuous monitoring of your facility ensuring your workplace stays that way. Our program eliminates harmful bacteria, mold & viruses in the workplace.
